

National Foundation on the Arts and the Humanities

§ 1151.18

to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(5) Aid or perpetuate discrimination against a qualified handicapped person by providing significant assistance to an agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipient's program or activity;

(6) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(7) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving an aid, benefit, or service.

(b) Despite the existence of separate or different aid, benefits, or services provided in accordance with this part, a recipient may not deny a qualified handicapped person the opportunity to participate in such aid, benefits, or services that are not separate or different.

(c) A recipient may not, directly or through contractual or other arrangements, utilize criteria or methods of administration:

(1) That have the effect of subjecting qualified handicapped persons to discrimination on the basis of handicap;

(2) That have the purpose or effect of defeating or substantially impairing accomplishment of the objectives of the recipient's program or activity with respect to handicapped persons; or

(3) That perpetuate the discrimination of another recipient if both recipients are subject to common administrative control or are agencies of the same state.

(d) A recipient may not, in determining the site or location of a facility, make selections:

(1) That have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives federal financial assistance; or

(2) That have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives

of the program or activity with respect to handicapped persons.

(e) As used in this section, the aid, benefit, or service provided under a program or activity receiving federal financial assistance includes any aid, benefit, or service provided in or through a facility that has been constructed, expanded, altered, leased or rented, or otherwise acquired, in whole or in part, with federal financial assistance.

§ 1151.18 Illustrative examples.

(a) The following examples will illustrate the application of the foregoing provisions to some of the activities funded by the National Endowment for the Arts.

(1) A museum exhibition catalogue or small press editions supported by the Endowment may be made usable by the blind and the visually impaired through cassette tapes, records, discs, braille, readers and simultaneous publications;

(2) A theatre performance supported by Federal funds may be made available to deaf and hearing impaired persons through the use of a sign language interpreter or by providing scripts in advance of the performance.

(3) A performing arts organization receiving Federal funds and offering, for example, a specific event in an inaccessible facility may arrange to provide a reasonable opportunity for that specific event to be offered to the public at large in an alternative accessible space; e.g., a theatre offering four different plays a season may offer at least one performance of each play in an alternative accessible space.

(4) Recipients of federal funds should make every effort to assure that they do not support organizations or individuals that discriminate;

(5) A handicapped person with experience and expertise equal to qualification standards established by a planning or advisory board may not be excluded from participation on the board on the basis of handicap. This does not mean that every planning or advisory board necessarily must include a handicapped person.

(b) Despite the existence of permissible separate or different aid, benefits, or services, e.g., periodic performances in alternative accessible spaces, a physically handicapped person who wishes to be, and can be, escorted to a seat, may not be denied such access to an otherwise inaccessible theatre.

(c) State arts agencies are obligated to develop methods of administering federal funds so as to ensure that handicapped persons are not subjected to discrimination on the basis of handicap either by sub-grantees or by the manner in which the funds are distributed.

(d) In the event Endowment funds are utilized to construct, expand, alter, lease or rent a facility, the aid, benefits, or services provided in or through that facility must be conducted in accordance with these regulations, e.g., a museum receiving a grant to renovate an existing facility must assure that all museum aid, benefits, or services conducted in that facility are accessible to handicapped persons.

(e) In carrying out the mandate of section 504 and these implementing regulations recipients should make every effort to administer Endowment assisted programs or activities in a setting in which able-bodied and disabled persons are integrated, e.g., tours made available to the hearing impaired should be open to the public at large and everyone should be permitted to enjoy the benefits of a tactile experience in a museum.

§§ 1151.19–1151.20 [Reserved]

ACCESSIBILITY

§ 1151.21 Discrimination prohibited.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 1151.22 Existing facilities.

(a) A recipient shall operate each program or activity to which this part

applies so that when each part is viewed in its entirety it is readily accessible to and usable by handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) A recipient may comply with the requirement of paragraph (a) of this section through alteration of existing facilities, the construction of new facilities, or any other methods that result in making its program or activity accessible to handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that serve handicapped persons in the most integrated setting appropriate.

(c) *Time period.* A recipient shall comply with the requirement of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes are necessary such changes shall be made as soon as possible but in no event later than three years after the effective date of this part.

(d) *Transition plan.* In the event structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within one year of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. Upon request, the recipient shall make available for public inspection a copy of the transition plan. The plan shall, at a minimum:

(1) Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;
